Station Installation and Maintenance

SECTION C14.006
Issue 1, Feb., 1956
AT&TCo Standard

SPRING CORDS

Popular Names

Spring Cord
Retractable Cord

Standard Nomenclature

H3- and H4-type Retractable Handset Cord
D3- and D4-type Retractable Mounting Cord
(Refer to C36.101 for proper code based on color and
type of telephone set to be equipped.)

Features

- Saves space and presents neat appearance.
- Retractable handset cord is available in colored or black moisture-resistant jacket, which matches or presents a pleasant contrast with the finish on the telephone set. It may be ordered in 4- or 9-foot lengths which retract to about 12 or 22 inches, respectively, when fully coiled.
- Retractable mounting cord, available with black neoprene jacket only, is 5 feet, 6 inches long and retracts to about 14 inches when fully coiled.
