

DEFENSE COMMUNICATIONS AGENCY
WASHINGTON, D. C. 20305

DCA NOTICE 210-0-1*

1 January 1984

INDEX

DCA Circulars and Notices

1. Purpose. This Notice publishes the current biannual index of DCA Circulars and Notices and prescribes procedures for requesting copies of publications.

2. Applicability. This Notice applies for information purposes to all recipients.

3. Circulars and Notices.

a. Circulars and Notices apply to Headquarters, DCA, DCA field activities, military departments, and other DoD and governmental agencies responsible for the operation and maintenance of the Defense Communications System and related defense communications activities and are either directive or informative. Circulars are continuing in nature, while Notices are one-time or short-term publications.

b. Circulars and Notices bear a three-part number consisting of a base number, a subject number, and sequential number indicating, respectively, major functional area, overall subject area, and sequence of issue of publications having the same subject and group numbers. They may be filed as determined by individual offices.

4. Requests.

a. Government agencies may request a publication by submitting a DCA Form 117: Publication or Blank Form Request, to the Director, DCA, ATTN: Code 316, Washington, DC 20305.

b. Other organizations may request a publication by submitting a letter with appropriate justification to the same address as stated above. The DCA form 117 is used by Government agencies only.

c. When requesting classified publications, submit two copies of DCA form 117 with an Attention line in the return address. Classified Circulars and Notices are distributed on a need-to-know basis and must be safeguarded in accordance with DoD 5200.1-R, Information Security Program Regulation, August 1982.

*This Notice cancels DCAN 210-0-1, 1 July 1983.

OPR: 316

DISTRIBUTION: A, B, J through Q; Special

d. To be placed on a special distribution list for a specific publication, submit a DCA form 117 with the statement "Recurring distribution" entered in the "Description" column. If a current copy of the publication is required, submit a separate DCA form 117 with "One-time" request under "Description." The special distribution applies only to publications with an "X" shown in the distribution column of the index.

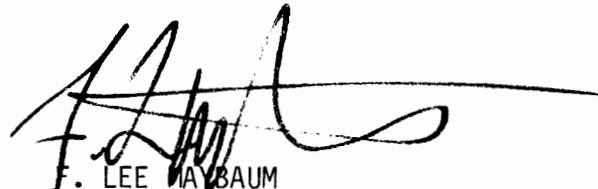

5. Enclosures. Enclosure 1 consists of two sections. Section A contains the numerical list of current DCA Circulars and Notices. Page 1 of enclosure 1 is an explanation of symbols and acronyms. Section B contains a list of publications which have been canceled or replaced in the past 6 months. Enclosure 2 is an alphabetical list of current Circulars, and enclosure 3 is an alphabetical list of current Notices.

6. Effective Date. DCA publications are effective the date they are approved by the Chief of Staff unless an effective date paragraph appears as the last paragraph of the publication.

7. Cancellation. This Notice is canceled upon receipt of the next issue, 1 July 1984.

FOR THE DIRECTOR:

3 Enclosures a/s

F. LEE MAYBAUM
Colonel, USAF
Chief of Staff

EXPLANATION OF SYMBOLS AND ACRONYMS IN THE NUMERICAL INDEX

X	Denotes special distribution.
*	Distribution controlled by the Office of Primary Responsibility (OPR).
%	For AUTODIN Switching Centers only.
&	Requests for automatic distribution and one-time issue are approved by the AUTODIN Switching Centers. Submit requests to the AUTODIN Switching Center for this Circular
@	Submit requests to the AUTODIN O&M Agency for this Circular.
#	Circulars, Notices, and Changes published during the previous 6 months.
AD number preceding subject of publication	Available through Defense Technical Information Center, National Technical Information Service, Springfield, Virginia 22151
(O)	For Official Use Only
(C)	Confidential
(S)	Secret
