

How to take a call without missing a mouthful

It's easy when you have a kitchen extension phone. You can feed the baby...check the grocery list...fix a formula or seven-minute frosting...and keep right at it when the telephone rings.

A kitchen extension saves you time and steps every

day, lets you take and make calls when you're busiest.

Extension phones for happier living—where your family works, plays and sleeps—cost little for the convenience they give. Your choice of styles and colors. To order, just call the Business Office or ask your telephone man.
