

*One assembly line at our Indianapolis plant*

## *What! These are Telephone Girls ?*

**Sure**, because they're making telephone dials you use in Bell telephone service. It's their regular job here at Western Electric, manufacturing unit of the Bell System.

**Altogether**, we have some 31,000 women at Western Electric . . . in our shops, our offices, our distribution centers . . . and about 70,000 men, too. They all help carry on our 71-year-old job. That job is to supply good telephones, switchboards, wires, and other things which go to work for you every time you make a Bell telephone call.

**Teamed-up** with Bell Laboratories people who *design* the equipment and Bell telephone company people who *operate* it, Western Electric men and women help give you good, dependable telephone service at the lowest possible cost.

**Western Electric**
