

OUTDOOR CUTOFF SWITCH
KS-20235, LIST 1
IDENTIFICATION AND INSTALLATION

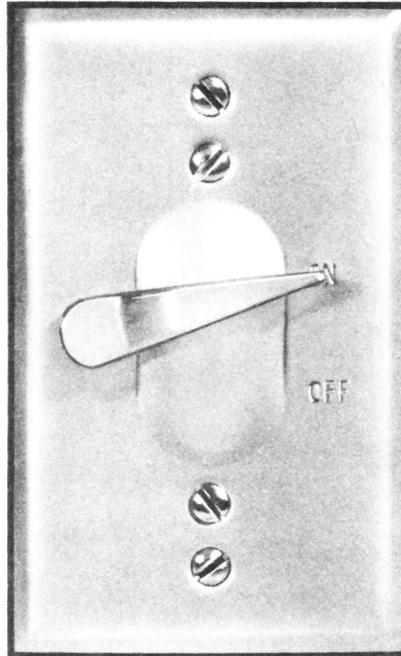

Fig. 1—KS-20235 List 1 Outdoor Cutoff Switch

1. IDENTIFICATION

(a) *Purpose*

To provide a weatherproof outdoor switch.

(b) *Design Features*

- Standard single-pole, single-throw toggle switch.
- Mounts on back of rubber gasketed, weather-resistant faceplate.
- Actuated by a two-position lever on the front side of the plate.

(c) *Application*

- As cutoff switch for outdoor extension ringers.

2. INSTALLATION

- (a) Arranged to mount in a KS-19316, List 6 or KS-20202, List 2 weatherproof housing.
- Refer to Section 461-630-102 for information on housing.
