

**JACKS AND JACK MOUNTINGS  
FOR PORTABLE TELEPHONE SETS, INDOOR TYPE  
IDENTIFICATION, INSTALLATION, AND CONNECTIONS**

**1. GENERAL**

**1.001** This addendum supplements Section 461-630-101, Issue 1.

**1.002** This addendum is issued to:

- Revise 1.04
- Add 4.04.

The following change applies to Part 1 of the section:

- (a) 1.04—revised.

**1.04** Mount jacks in a uniform manner so that when the plug is inserted, the set mounting cord enters the bottom of the plug.

**4. CONNECTIONS**

The following change applies to Part 4 of the section:

- (a) 4.04—added.

**4.04** Wiring variations (eg, class-of-service, etc, normally made in the connecting block) ***should not be made*** in the jacks; any variations should be made in the plugs.

***Caution: Test each jack location for correct continuity.***
