

JACKS AND JACK MOUNTINGS FOR PORTABLE TELEPHONE SETS, OUTDOOR TYPE IDENTIFICATION, INSTALLATION, AND CONNECTIONS

1. GENERAL

1.001 This addendum supplements Section 461-630-102, Issue 1.

1.002 This addendum is issued to:

- Revise 1.04
- Add 4.05.

The following change applies to Part 1 of the section:

- (a) 1.04—revised.

1.04 Mount jacks in a uniform manner so that when the plug is inserted, the set mounting cord enters the bottom of the plug.

4. CONNECTIONS

The following change applies to Part 4 of the section:

- (a) 4.05—added.

4.05 Wiring variations (eg, class-of-service, etc, normally made in the connecting block) **should not be made** in the jacks; any variations should be made in the plugs.

Caution: *Test each jack location for correct continuity.*
