

APPARATUS BLANKS

1.00 INTRODUCTION

This section describes apparatus blanks and their use with station equipment. It is re-issued to:

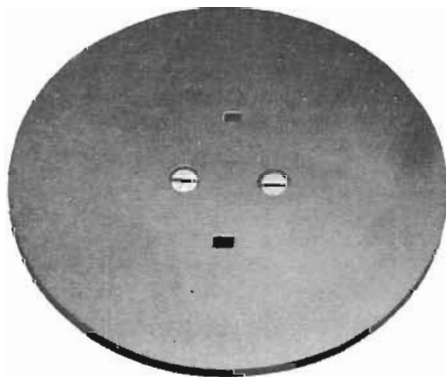

- Remove reference to color on the 94A apparatus blank.
- Add information on the 105B apparatus blank.
- Change information on the 50-type apparatus blank.
- Change information on the KS-14611 apparatus blank.

2.00 GENERAL

2.01 Apparatus blanks are used:

- To cover opening in telephone sets not having a dial.
- To cover openings in booths and shelves.
- To fill the space reserved for additional keys in 600-type telephone sets. ←

2.02 Apparatus blanks for telephones are available in the same colors as the telephones. Add the proper dash number when ordering blanks.

Front

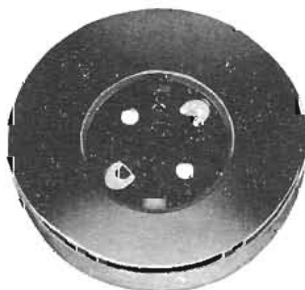

Rear
