The Allegro™ Phone

NEW

Allegro™ Phone features a 10-number dialer, automatic redial button for last number dialed (LND), side-mounted on/off switch, three-position (hi/off/low) switch for the electronic ringer, and a true "hold" button. When in the "hold" mode, the phone emits a soft "beep" every few seconds as a reminder that the phone is "on hold." Allegro™ can be used with or without the contoured base. And the base can be used to wall-mount the phone! Comes in Espresso Brown trimmed in dark brown or Pearl White trimmed in porcelain white. Full modular with a 14-foot line cord. Only available in tone model.

Classic Desk Phone

Single-line Desk Phone: Functional, no-nonsense styling makes the single-line desk phone a classic for the home or office. Available in seven colors shown on chart, with rotary pulse dial or push-button tone pad.

Double-line Desk Phone: Here's a standard desk phone designed to handle *two* telephone lines instead of one. A convenient switch located on the face of the phone makes it easy to change from one line to the other. Available in seven colors shown on chart, with rotary pulse dial or pushbutton tone pad.

CT-2500

Slenderet® Phone

Slenderet Desk Phone: One of the most popular standards made today, this phone features the dial and disconnect button in the handset. Available in seven colors shown on chart, with rotary pulse dial or pushbutton tone pad.

Slenderet Wall Phone: Here's the popular dial and disconnect button in handset design, with wall mount base. Available in seven colors shown on chart, with rotary pulse dial or pushbutton tone pad.

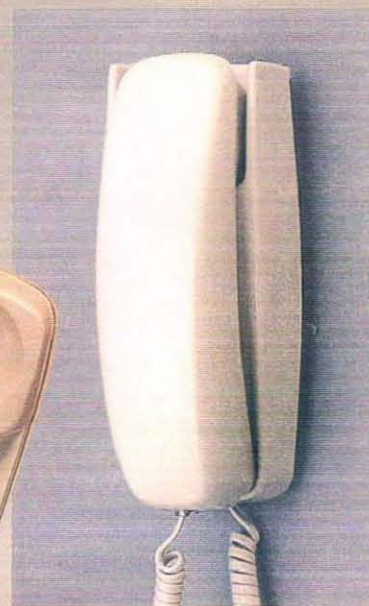

CT-1654

Miniwall® Phone

Single-line wall phone: This standard wall phone is available in seven colors shown on color chart, with rotary pulse dial or pushbutton tone pad.

Double-line wall phone: This is a standard wall phone designed to handle *two* telephone lines instead of one. A convenient switch located on the face of the phone makes it easy to change from one line to the other. Available in seven colors shown on chart, with rotary pulse dial or pushbutton tone pad.

PHONE T-8010

Snoopy & Woodstock Phone & PhoneLamp*

It's the lovable, laughable team of Peanuts fame—Snoopy & Woodstock in a fun, but functional phone. The PhoneLamp version combines this popular phone with a 3-way lamp that stands 27½" high with off-white pleated shade. Both are available in rotary pulse dial or pushbutton tone pad.

Darth Vader™ SpeakerPhone **NEW**

It's everyone's favorite villain in ATC's first ever SpeakerPhone for the home! Features completely hands-free operation. Just press Darth Vader's on/off button to make or receive calls. A red LED indicates when the phone is in use, the last number dialed (LND) button automatically redials busy numbers, and the Mic/Mute button lets you carry a conversation at your end of the line without the caller overhearing. Only in push-to-pulse.

P/N 738012-01
- 10 6 ft. Modular Handset Cord
(available in several colors)
P/N 738022

Matching the phone to the phone service.

Terminology

Pulse Phone: A phone with a ROTARY DIAL that sends pulses through the line. Works with any service available.

Push-to-Pulse Phone: Also called PUSHBUTTON / PULSE / UNIVERSAL DIAL, this is a phone with PUSH-BUTTONS that electronically simulate PULSES. Works with any service available.

Tone Phone: A phone with PUSH-BUTTONS that makes a TONE when the buttons are pushed. Works only with tone service.

We're on call.

We're the company that's been making telephones for phone companies since 1894. Today, we are pleased to offer our quality line of popular phones to the retail market. Your customers can now feature the same phones that meet or surpass the high standards for quality, trouble-free performance, and long-term reliability that phone companies have been selling for years. And all of our standard phones have a full TWO-YEAR WARRANTY; decorator and character phones have a ONE-YEAR WARRANTY (Darth Vader™ SpeakerPhone and Pac-Man™ Phone have a 90-day warranty).

For your local authorized COMDIAL sales representative, call us on **extension 903** at **1-800-854-0561** or **1-800-432-7257** (California only).
