INTRODUCTORY

This Catalogue has been prepared with the idea of presenting to our customers complete lines of high grade Telephones, Switchboards, Accessories and Coded Parts for Telephone use. The equipment listed includes material of our own manufacture and such other items as are necessary to complete the proper functioning of modern Telephone Plants.

For your convenience and to insure prompt service, considerable stocks of standard equipment are carried at Rochester, Chicago, Kansas City and San Francisco. You are urged to make use of the facilities of your nearest office.

STROMBERG-CARLSON TELEPHONE MFG. CO.

NOTICE TO PURCHASERS

WHEN ORDERING GOODS—Give address in full, and shipping point, taking care to specify our Code or Stock Number as well as the name of each article ordered. Unless you specify what is wanted by Number, your order may be subject to delay. All requests for information should be made on separate sheets from the order blanks.

SHIPMENTS—Always specify whether you desire goods shipped by freight, truck, express or parcel post. When shipment is desired by freight, specify the routing. In the absence of specific instructions, we shall use our best judgment in selecting the route, but we are not responsible for extra drayage expense at destination.

TRANSPORTATION CHARGES—Unless otherwise specified by us, all goods are sold f.o.b. Rochester, N. Y., or f.o.b. Branch Offices. The transportation charges will therefore be collected from the purchaser by the carriers.

PRICES—The prices listed in this catalogue are for shipment f.o.b. Rochester, N. Y. or Chicago, Ill. Shipments from other branches carry slight equalizing freight charges. Prices are subject to change without notice.

Unpriced orders will be filled at our lowest market prices prevailing at the date order is received.

Priced orders for considerable quantities of materials which do not conform in pricing with our latest prevailing market quotations will be requoted before we make shipment.

On the other hand, priced orders for small quantities of materials will be shipped priced at latest market values without requotations, unless request is made for revised quotations before shipment.

We shall endeavor to fill all orders at the prices we quote, except where it is possible to give the benefit of a lower market.

ALL AGREEMENTS—Are made contingent upon strikes, fires, accidents or causes beyond our control.

TERMS—Net, 30 days from date of invoice.

NEW ACCOUNTS—New accounts are solicited on a credit basis. In order to facilitate prompt service, we request that where you are not rated by commercial agencies, references or other information of a credit character should be forwarded with the order. Special references or information will be immediately acted upon, and the result held in strict confidence for our sole use. When reasonably satisfactory credit standing is established, shipment will follow with all possible dispatch.

To avoid the delay incidental to communicating with regard to references, etc., it would be mutually convenient when immediate shipment is desired to instruct us to ship C.O.D., by express, or parcel post (insured if so instructed) or by freight subject to sight draft through a local bank against bill of lading.

REMITTANCES—May be made by bank draft, postoffice or express money-orders. Cash should be sent only by registered mail. Unless accompanied by orders, all remittances should be addressed to our General Offices at Rochester, New York, where all accounts are kept.

LIABILITY—We cannot be responsible for breakage after having obtained an "In Good Order" receipt from the transportation company.

All claims for breakage and damage should be made without delay to the transportation companies handling the goods. We will gladly assist you to present these claims.

Notify us before making any return shipments. By doing this it will facilitate our making proper adjustment without delay.

*I*NTRODUCTORY

THIS CATALOGUE has been written with the idea of presenting to customers a complete line of Telephone Construction Materials and Supplies. The equipment listed includes only such items as are considered standard by the majority of telephone companies.

A large assortment of equipment and supplies is carried as stock in Rochester, Chicago, Kansas City, San Francisco and Toronto. This assures prompt shipments.

STROMBERG-CARLSON TELEPHONE MFG. CO.

NOTICE TO PURCHASERS

WHEN ORDERING GOODS—Give address in full, and shipping point, taking care to specify our Stock Number as well as the name of each article ordered. Unless you specify what is wanted by Stock Number and Description, your order may be subject to delay. All requests for information should be made on separate sheets from the order blanks.

SHIPMENTS—Always specify whether you desire goods shipped by freight, express or parcel post. When shipment is desired by freight, specify the routing. In the absence of specific instructions, we shall use our best judgment in selecting the route, but we are not responsible for extra drayage expense at destination.

TRANSPORTATION CHARGES—Unless otherwise specified by us, all goods are sold f.o.b. Rochester, N. Y., or f.o.b. Branch Offices. The transportation charges will therefore be collected from the purchaser by the carriers. Where prices are quoted delivered, shipment will be made f.o.b. your local freight station.

PRICES—Net prices and terms are shown immediately below each item listed on the catalog pages.

Due to constant price fluctuation it is necessary to quote all **PRICES SUBJECT TO CHANGE WITHOUT NOTICE**.

Unpriced orders will be filled at our lowest market prices prevailing at the date of shipment.

Priced orders for considerable quantities of materials which do not conform in pricing with our latest prevailing market quotations will be requoted before we make shipment.

On the other hand, priced orders for small quantities of materials will be shipped without quotations, unless request is made for revised quotations before shipment.

We shall endeavor to fill all orders at the prices we quote, except where it is possible to give the benefit of a lower market.

TAXES—Prices shown herein do not include any sales, excise, use or similar taxes. All such taxes will be shown as additional charge on invoices where applicable.

ALL AGREEMENTS—Are made contingent upon strikes, fires, accidents or causes beyond our control.

NEW ACCOUNTS—New accounts are solicited on a credit basis. In order to facilitate prompt service, we request that where you are not rated by commercial agencies, references or other information of a credit character should be forwarded with the order. Special references or information will be immediately acted upon, and the result held in strict confidence for our sole use. When reasonably satisfactory credit standing is established, shipment will follow with all possible dispatch.

To avoid the delay incidental to communicating with regard to references, etc., it would be mutually convenient when immediate shipment is desired to instruct us to ship C. O. D., by express, or parcel post (insured if so instructed) or by freight subject to sight draft through a local bank against bill of lading.

REMITTANCES—May be made by bank draft, postoffice or express money-orders. Cash should be sent only by registered mail. Unless accompanied by orders, all remittances should be addressed to our General Offices at Rochester, New York, where all accounts are kept.

LIABILITY—We cannot be responsible for breakage after having obtained an "In Good Order" receipt from the transportation company.

All claims for breakage and damage should be made without delay to the transportation companies handling the shipment. We will gladly assist you present these claims.

Notify us before making any return shipments. By doing this it will facilitate our making proper adjustment without delay.

RESPONSIBILITY—All statistical information contained in this catalog pertaining to Strength and Proper Working Loads of materials, tools, etc., is derived from tables compiled by the manufacturer thereof, and are reprinted by us for the convenience of the buyer.

THIS IS A
Swing-O-Ring
BINDER

THE MODERN MECHANICAL BINDING WITH LOOSE-LEAF FEATURES

TO OPEN binder, swing catch at bottom, to the right. Then swing left half out far enough to allow sheets to be added or removed.

NOTE

- How easy it is to keep this book up-to-date with new pages.
- Sheets lie perfectly flat, offering maximum visibility.
- Closes to perfect alignment.
- Locks securely to prevent loss of pages.
- 3 to 6 times stronger than standard ring binders—*that's page insurance.*
