

NEW!
SELF-CONTAINED
multi-line phone
for the small office!

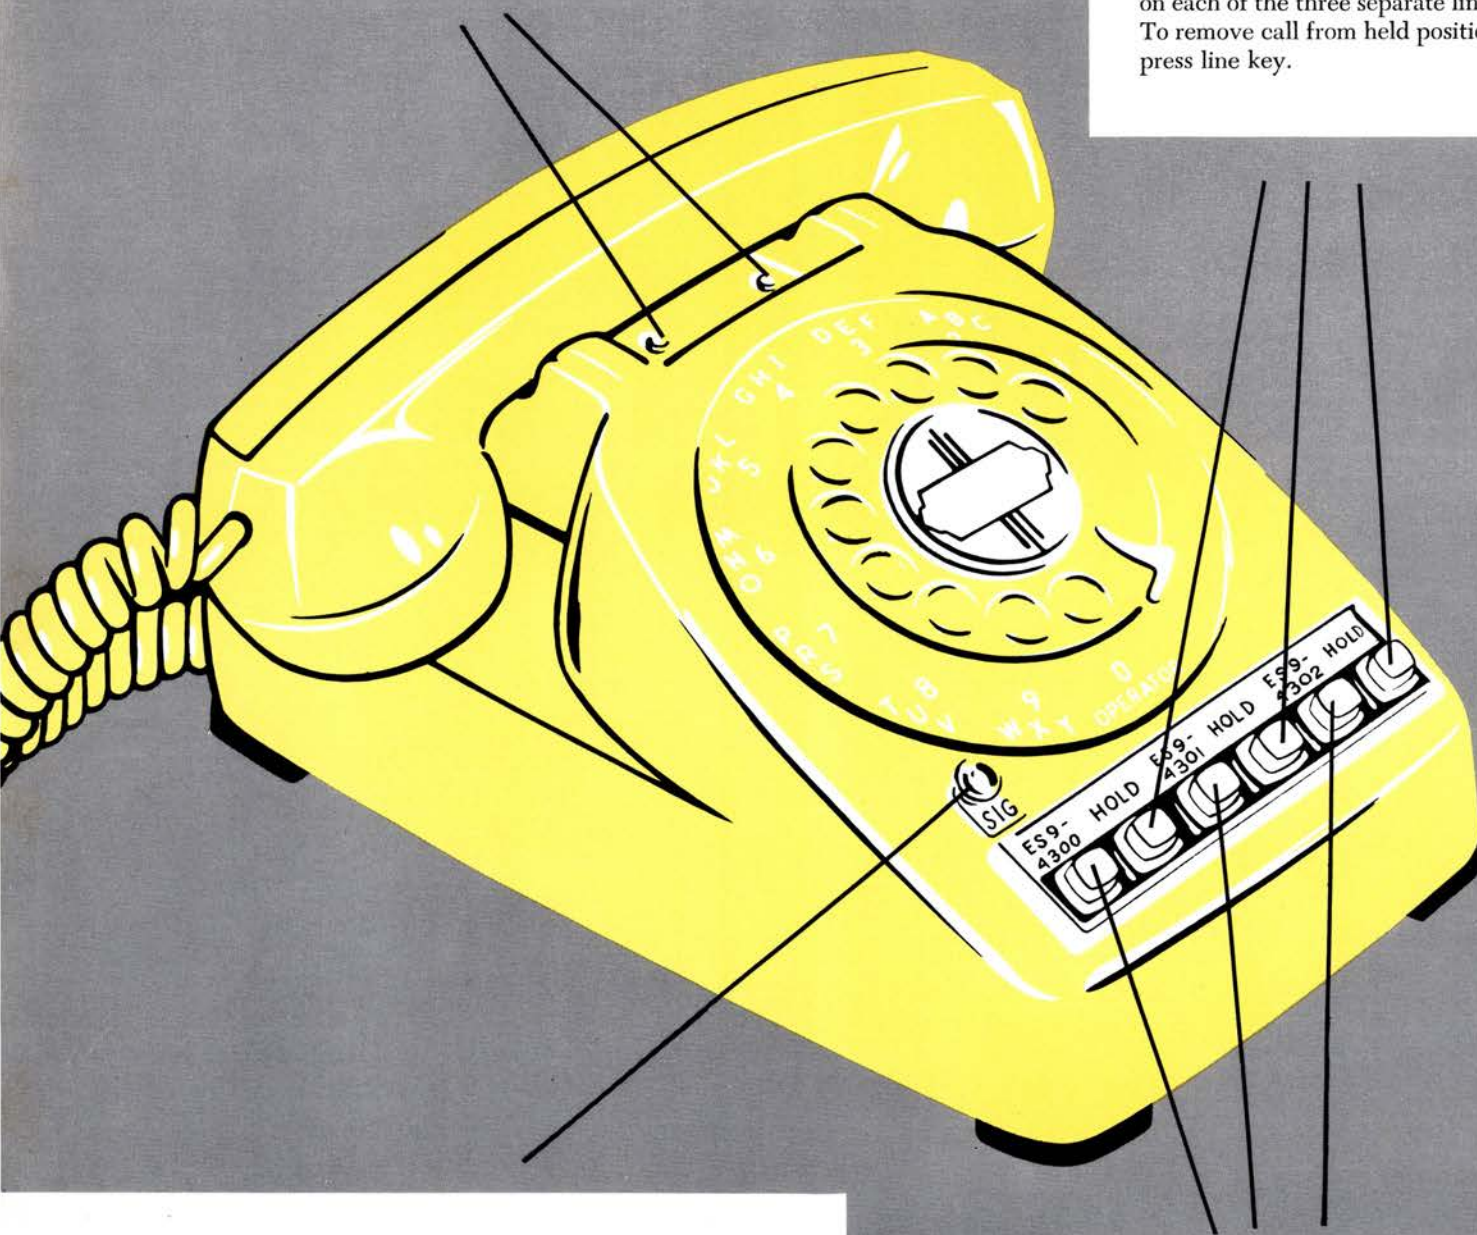

EXCLUSION KEYS (optional)

Press left button to remove all extensions from the line. Press second button to bring extensions back on the line. Extensions are automatically restored when handset is replaced. This feature can be used on only one of the three lines.

HOLD KEYS

Press these buttons to hold calls on each of the three separate lines. To remove call from held position, press line key.

SIGNAL BUTTON

Can be used to signal a secretary, an extension telephone, or another Type 87 phone that is connected to one of the three lines. Signal may be audible or visual.

LINE KEYS

Press to select line or answer incoming call. Lights in keys flash on incoming calls.

TYPE 87 telephone

LOW-COST MULTI-LINE SERVICE FOR YOUR SMALL BUSINESS SUBSCRIBER!

It's a switchboard in a phone!

Your subscribers will like the Type 87. It provides complete switchboard service in one telephone. And at such a low cost! The Type 87 is a three-line phone with a hold feature on each line. Signaling feature is built-in. Extension exclusion is optional. And, you get a choice of 10 colors. You'll want lots of them for your community.

Which subscribers are the best prospects?

Any subscriber who requires less than 10 telephones with a maximum of three outside lines is a good prospect. This could include auto dealers, doctors, lawyers, small business offices and even private residences. They'll all like the convenience of the Type 87.

Variations on TYPE 87 features

You'll be particularly happy with the flexibility of the Type 87. It's adaptable to many different needs of your subscribers. For instance, you can easily change it from three lines to a two-line phone with intercom. Or, in a P-A-B-X system, you can use the signal button to operate an incoming trunk transfer circuit. You'll think of many other ways to use this wonderful new phone. Any way you use it, you'll increase revenue and please subscribers!

USE THIS HANDY CODE TO ORDER

First thing you do is give the basic code number of the Type 87 telephone — N-872 (Coiled Cord is always supplied). Then, follow the three simple steps below until you have a complete order number for a Type 87 Telephone.

1 Choose the color you want.

Black	00	Garnet Red	14
Sand Beige	10	Turquoise	15
Dawn Gray	11	Sunlight Yellow	17
Jade Green	12	Camellia Pink	18
Classic Ivory	13	Gardenia White	19
		Forget-Me-Not Blue	30

2 Choose the type of dial you want.

Dial with 1-0 number plate.....	A
No dial (with dial blank).....	B
Dial with ABC (metropolitan) number plate.....	C

3 Add Letters SL to your order for Straight-line Ringer (always supplied) . . . SL

Specify with or without exclusion buttons—Without exclusion buttons.....A
With exclusion buttons.....B

EXAMPLE: Let's suppose you want to order a Type 87 Telephone with exclusion buttons, in Gardenia White, with Metropolitan Dial and Straight-line Ringer. Your order would be written like this: N-87219-CSLB.

Basic Code
