

MODERN BUSINESS TELEPHONES
For Fast, Efficient Communications!

DESK PHONE

All the features you want! This is the most popular of all our business telephones. Looks well on any desk, counter top or flat surface. Easily adaptable for portable plug-in operation. Choice of colors.

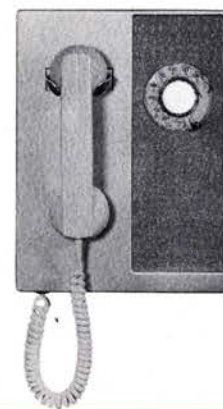

WALL PHONE

Save desk or table space! Dialing is easy—sitting or standing! That's because of the convenient dial angle. And, the receiver is side-mounted. This permits the telephone to fit snugly to the wall—the receiver can't be brushed off the hook. Choice of colors.

SPACE-MAKER® PHONE

An ideal space-saving phone. It mounts on any vertical surface—wall, column, side of desk, etc. The installer adjusts both the dial and the handset to the positions most convenient for daily use. Compact and streamlined. Choice of colors.

STARLITE® PHONE

Small in size, smart in style. Here's a telephone that saves desk space because it's half the size of a conventional telephone. Lighted dial makes it practical for night use. Compact and streamlined. Choice of colors.

SPEAKERPHONE Executive Model

Leaves both hands free while you talk! With this modern telephone you can move about and do other work—while talking. Ideal for conferences. You speak through a microphone on the face of the telephone—hear through a separate speaker. Choice of colors.

PANEL TELEPHONE

Added smartness for many businesses! The simple beauty of a Panel telephone and its sensible, space-saving practicality are a desirable combination. For restaurants, dormitories, hotels/motels, stores, hospitals, institutions. Easily installed in wall during new construction. Choice of color inserts.

KEY PHONE

Key phone service for the small office. Here's a telephone that offers special features for the small office. Handy turn key and pushbuttons permit you to switch to a second line, signal another person and cut-off all extensions. Ideal for nurse, secretary or receptionist. Choice of colors.

PUSHBUTTON PHONE

Saves time and steps around the office. Pushbutton telephone systems for the small office or for departmental use in a larger organization. Employees answer and hold calls at the push of a button. Up to five lines with hold feature. Dial or pushbutton intercom. Choice of colors.

CONVENIENCE PHONE

Economical pushbutton convenience. Provides small offices up to three lines with a hold feature on each one. Lighted button indicates incoming call. Handy signal button is used for secretarial signaling. One button can be used for intercommunication if desired. Choice of colors.

CALL COMMANDER® PHONE

The ultimate in key system convenience. Key phone for larger applications. Provides up to 17 lines with hold feature. Employees answer and hold calls at the push of a button. They can pick up calls on other lines, transfer calls and dial other phones in the key system. Choice of colors.

OUTDOOR PHONE

Attractive, trouble-free outdoor telephone service! Weather-proof cast aluminum housing contains a standard wall phone. Self-closing, magnetic latch door has a built-in lock. Finished in grey with white lettering. Ideal for motel locations, lumber yards, loading docks, etc.

HAZARDOUS AREA PHONE

Safe service in dangerous atmospheres. U. L. listed for use in oil refineries, gas plants, laboratories and other hazardous locations. Sealed housing encloses all components that might produce sparks.
